Each 5-day / 4-night trip costs
\$300 per participant.

One of our newer programs at Branching Out. The Goal of this Program is to allow both latency and adolescent aged children the opportunity to experience nature. Children will participate in a variety of activities that will focus on Social and Life skill development, provide realistic personal challenges, along with an opportunity to relax, be a kid and have fun.

There are both structured and non-structured activities to provide the children with self-esteem and relationship-building opportunities.

Each participant will receive a commemorative scrapbook.
